## SUMMARY

---

Reliable software developer with a college diploma in Web Development & Internet Applications, Skilled in designing, developing, testing and deploying sophisticated web applications using modern technologies. I have hands-on experience building real world applications that I gained through work, internships, and personal projects I built. I'm a team player with excellent communication skills, eager to contribute to collaborative projects.

## EDUCATION

---

### Algonquin College

Diploma In Web Development & Internet Applications

Ottawa, ON, Canada

Sept. 2022 – Apr. 2024

**GPA: 3.85/4.0**

## TECHNICAL SKILLS

---

**Programming Languages:** Proficient in Typescript, Python, HTML, CSS and intermediate in C#

**Frameworks & Libraries:** React.js, Node.js; Intermediate in ASP.NET core, Express.js, Next.js, Django

**Databases:** Proficient in SQL (Postgres, SQL Server, MySQL...) , NoSQL(MongoDB)

**Developer Tools:** Git, Docker, Kubernetes, NGINX

**Cloud Platforms:** Familiar with AWS, Microsoft Azure and Vercel

## WORK EXPERIENCE

---

**Frontend Developer** – SomoLabs Ltd – Remote (Kigali, Rwanda)

*September 2023 – Present*

- **Developed** and maintained user-facing features using React, HTML, CSS, and JavaScript to create intuitive and responsive web interfaces.
- **Collaborated** with the design team to implement UI/UX designs, ensuring consistency with brand guidelines and enhancing user experience.
- **Optimized** web applications for maximum speed and scalability by refactoring code and leveraging modern web development practices.
- **Integrated** APIs and backend services, ensuring seamless data flow and real-time updates within the application.
- **Participated** in code reviews, debugging, and testing, contributing to the overall quality and performance of the codebase.

**Software Developer Intern** - Algonquin College (Dpt. of Innovation and Entrepreneurship)  
*4 Months (Sept. 2023 – Dec. 2023)*

- **Built** and maintained web applications using JavaScript, HTML, CSS, and React, ensuring responsive and accessible designs.
- **Collaborated** with cross-functional teams, including designers and product managers, to translate project requirements into functional software.
- **Assisted** in the integration of third-party APIs and tools, enhancing the functionality and performance of applications.
- **Conducted** testing and debugging of applications to ensure high-quality code and a seamless user experience.
